## Work experience

Red C - Digital Marketing 18/4/16 -> 23/4/16

- In this week I worked at a company called Red-C this was a fantastic opportunity as I looked into what people do within the company. Most of the people created websites, This is what I did. I got a previous brief of theirs. The brief was for a company called Healthyou, I needed to create a website design on paper and then do this later on. I also created social media sites for them aswell

BlackMagicDesgin 14/7/14 -> 18/7/14

- Working at BlackMagicDesgin was also fantastic, this was my first time in a work situation. The company works with cameras and I had the privilage of looking at the cameras and then fixing them, this was very practical. When I was their I looked at taking computers apart, this then formed my passion at upgrading other peoples computers.

## Hobbies

### Scouting

In my spare time I do scouting, I have been in scouting since 5 years old. At the moment I am in Explorer scouting, when you get to this age you can do some volunteering for the other sections, I do this on a Thursday night to help out. This has given me a lot of teamwork skills and also leadership skills.

With scouting I have gained a few very good awards, these are the Silver chief scout award (Cubs), Gold chief scout award (Scouts). I am currently working towards my Duke of Edinburgh Award, and the queen scout awards.
